

MESSAGE FROM THE CO-CHAIRS

Dear colleagues and students,

Welcome to the Campus Asia Plus Symposium & University Immersion Program (UIP) 2025. As Co-chairs, it is our great honor to extend this invitation to you all.

This year marks the 12th anniversary of Sichuan University's International Week and the third consecutive year of the Campus Asia Plus Symposium & University Immersion Program (UIP). The two-week University Immersion Program (UIP), initiated in 2012, aims to cultivate global awareness, cross-cultural competencies, and broader cultural understanding among students. Notably, scholars and students from prestigious institutions such as Harvard University, UCLA, Tohoku University, Seoul National University, Chulalongkorn University, and Universitas Indonesia have already participated in our program.

We are thrilled to host you at the West China School of Stomatology, Sichuan University, June 29th to July 12th. This year's program features cutting-edge lectures, immersive cultural experiences, and a unique platform for dental students worldwide to enhance their skills through competition and friendship. It encompasses a series of activities such as skill training, cultural exchanges, campus tours, clinic and laboratory observations, and other potential campus activities.

We encourage teachers and students to actively sign up and be a part of this enriching event that fosters global collaboration and academic excellence in dentistry. Let's come together to celebrate knowledge, cultivate international friendships, and embark on a journey of new beginnings.

Thank you, and let's look forward to two weeks filled with learning, growth, and memorable moments shared together.

Prof. Han Xianglong
CA+ & UIP 2025 Co-Chair
Dean, West China School of Stomatology
Sichuan University
P.R. China

Prof. Ken Osaka
CA+ & UIP 2025 Co-Chair
Dean, Graduate School of Dentistry
Tohoku University
Japan

THE SCHOOLS WE COLLABORATED WITH IN THE PAST

COURSES AND LECTURES

Every year, approximately 20 experts and scholars from top universities worldwide are invited to teach courses, covering a range of disciplines of stomatology.

The program incorporates specialized, cutting-edge researches, ensuring students gain knowledge of the most advanced academic findings and practices.

Lectures are conducted to effectively convey foundational knowledge, providing students with an immersive learning experience that enhances their understanding and retention of information.

CAMPUSTOUR & CLINIC AND LAB OBSERVATION

Visit and explore the university campus and the famous dental museums in West China School of Stomatology. Observe clinic and laboratory settings to gain hands-on studying experience in top stomatology school in China.

CULTURAL EXPERIENCE ACTIVITIES

Visit China's National Treasure - the Giant Panda, experience traditional Chinese culture, visit famous historical landmarks of the city, learn about the life stories of historical figures, enjoy ethnic performances, and participate in cultural exchange showcase salons.
